Every proje
respectively. Ea
presentations sl
be collected "as The authors are requested to prepare their papers in accordance with attached template. Papers/theses have to be written and presented in English only. All the papers/theses will be reviewed by reviewer committee directly after presentation on the conference. Authors are responsible for the printing quality of their papers/theses.

Please send your papers' in English no longer than 20 pages (each project may include annexes with no restriction on their extent) in electronic form (doc* or rtf *format).

Recommended project structure:

- introduction,
- current situation overview in the questioned matter,
- characteristics of projected solution,
- results achieved,
- assessment of result applicability,
- more ways of development in the questioned matter,
- conclusion,
- list of references.
- annexes to the project diagrams, tables, schemes, photo documentation etc.

Every project shall have about 15 min. + 5 min. reserved to be presented and questions answered, respectively. Each of the sections shall provide the presenters with a PC and a data projector. The presentations shall be prepared for in English using PowerPoint software. The presentations shall be collected "as made" to form the competition proceedings.

Title of the paper (Times New Roman Bold 14) after title 25pt free line

Name SURNAME* (11PT) Name SURNAME**

*Name of the institution, country, post code city, street, e-mail (10pt)

Consultant: Name Surname (with titles)

Abstract: The paper deals with ... (6 to 10 lines, Times New Roman 11pt)

Keywords: Environment; Synthesis of control; Maybeetle; National income; ... (max 5, Times New Roman 11 pt)

1 CHAPTER (Times New Roman 14pt)

The paper is to be written in **English** (British, not US spelling), the number of pages should not exceed 15, MS Word is preferable, Times New Roman font 12 with simple spacing, all edge margins 2.5 cm.
